

# BED EDGERS

## E-Z Trench Bedscapers:

- The most maneuverable bedder/trencher machines on the market
- Caster steering makes cutting graceful curves easy and allows a turning radius of less than two feet
- Patented blade design will cut harder soils, pulverize the cuttings, and bevel the bed edge to the foliage while cutting a clean well-defined vertical border

## BEDSCAPERS

MODEL	HONDA ENGINE	WEIGHT	SRP (US\$)
